

Guernsey Association of Trustees

Two new sponsors for GAT

The Guernsey Association of Trustees (GAT) is delighted to announce that in addition to ongoing sponsorship from Carey Olsen and KPMG, from 1st April 2021 Ruffer LLP and Aspida Group are also supporting the association through sponsorship.

GAT is the industry representative body for fiduciary licence holders in the Bailiwick of Guernsey and represents over 100 corporate and individual members. The membership of GAT predominantly consists of Trust and Company service providers however also extends to lawyers, accountants, compliance professionals and other individuals with an interest in the fiduciary industry. GAT has a proactive Technical Committee, holds regular industry events and delivers a monthly newsletter to keep its members updated.

Aspida Group has been providing business support services across a range of jurisdictions since 2002, offering robust yet innovative solutions to support growth, whilst successfully managing risk. As a recognised leader in the Compliance, Risk Management and Assurance space, Aspida Group offers the most up-to-date processes and procedures used within the financial services world built around an innovative GRC platform.

Ruffer LLP provides a discretionary investment management service. Their all-weather approach is designed to perform in all market conditions. With an emphasis on capital preservation and prudent growth, Ruffer is focused on making good money throughout the market cycle. Through boom and bust, for almost 25 years. Ruffer provides a service that combines good investment returns with first class Guernsey based administration and clear reporting.

“GAT is thrilled to be supported by both Ruffer and Aspida and extends a warm welcome to them both as sponsors for the year beginning April 2021” said Rhona Humphreys, GAT Chair. “We are thankful for their support alongside continued sponsorship from Carey Olsen and KPMG and look forward to a successful year representing our valued members and providing them with industry information, updates and events.”

CAREY OLSEN
